

# SNEHA

## SENIOR INTERIOR DESIGNER

### PROFILE

Experienced and passionate Interior Designer with over 4+ years of expertise in modular interior solutions, including kitchens, wardrobes, and full-home designs. Proven ability to optimize space and select materials that balance functionality, aesthetics, and cost-effectiveness. Proficient in design tools such as AutoCAD, SketchUp, V-Ray, and Enscape, with in-depth knowledge of modular hardware, finishes, and production workflows. Skilled in client consultations, design presentations, and cross-functional coordination with vendors and factory teams to ensure high-quality, on-time project execution. Dedicated to creating elegant, practical, and budget-conscious modular designs that elevate modern living environments.

### WORK EXPERIENCE

#### HouzLook

FEB 2026 - PRESENT

##### Senior Interior Designer

- Managed end-to-end client relationships from sales closure through project handover, ensuring a seamless and positive customer experience.
- Conducted multiple design presentations and client meetings to finalize design concepts, layouts, and material selections, supported by detailed 2D drawings and 3D visualizations.
- Collaborated closely with Project Managers, execution teams, and installation teams to ensure design accuracy, smooth project execution, timely completion, and successful handover.

#### Design Cafe

JUNE 2023 - FEB 2026

##### Senior Interior Designer

- Handled end-to-end client interactions including requirement gathering, preparing detailed quotations, 3D design creation, and sales closures.
- Conducted regular site visits and developed interior designs tailored to the client's budget, backed by precise production drawings.
- Coordinated closely with project managers and installation teams to ensure smooth execution and on-time handover for a happy home experience.

#### Livspace

##### Interior designer

DEC 2022 - JUN 2023

- Led client consultations and experience centre tours, explaining product features, material finishes, preparing detailed quotations and design possibilities in detail.
- Developed personalized interior designs aligned with client needs and budget, including technical drawings for production and execution.
- Compiled and handed over all design documents and specifications to site managers, ensuring seamless execution and a satisfying home handover.

#### Benedetto Kitchens Pvt Ltd

DEC 2021 - DEC 2022

##### Junior Interior Designer

- Engaged directly with clients from the initial consultation to lead closure, understanding requirements and aligning designs with their budget.
- Developed 3D models and realistic renders in SketchUp to present design concepts, ensuring clarity and client satisfaction.
- Created detailed production drawings and coordinated with the execution team to enable smooth site implementation and handover.

#### Aakruthi Constructions

DEC 2020- DEC 2021

##### Junior Designer

- Created detailed 2D architectural drawings for building elevations using AutoCAD and similar drafting tools.
- Assisted in preparing presentation drawings and basic 3D interior design models to support client visualization.
- Collaborated with senior architects and designers to translate design concepts into technical drawings.
- Gained hands-on experience in interior space planning and material selection.
